

TSNAmerica  
**TRUCKING INFO HUB**  
HERE TO KEEP YOU TRUCKIN'

**ISSUE 6**  
MARCH 2015

## Welcome

The days are getting longer, Trucking Nation, which can only mean one thing— Spring is right around the corner! With the first day of Spring just three weeks away, you'll be packing away your tire chains before you know it. We just need to hang in there a little longer, and we'll all be sipping iced tea in the sunshine with our feet in the grass. I can almost hear the birds singing now!

The approach of Spring also means the approach of Tax Season. Contact Jim O'Donnell of Trucker Tax Service, featured in our last issue, for help preparing your taxes. Whether you're an owner-operator, company driver, or small business owner, TTS can help you reduce your tax liability and keep money in your pocket.

Our featured contributor in this issue is TruckLogics, a cutting-edge, web-based business management solution designed for fleets of all sizes. With packages starting at under \$5 a month, it's the smart and affordable solution you've been waiting for! You can learn more about TruckLogics in this issue or at the Mid America Trucking Show in Louisville, Kentucky. Stop by their booth (Number 66121) from March 26-28th and say hello to our friends. And tell them TSNAmerica sent you!

Thank you for your continued referrals. Please share our newsletter with your friends and don't forget to Like Us on Facebook and Follow Us on Twitter! Thank you again, we look forward to seeing you at MATS, and until next quarter - Keep On Truckin'!

**Unleash your business's full potential**  
– **it's possible with TruckLogics.**

Designed by owner-operators and small fleets like you, TruckLogics delivers all of the features you need to manage your business, but at a price you can afford. With packages starting under \$5 a month, you can unlock a range of features that will streamline your business and increase profits.

From one-click trip sheets, to automatic IFTA filings, to maintenance reminders, TruckLogics has you covered in all arenas. You'll never waste time on paperwork again, and you'll never have to worry about losing your documents either. That's just one benefit of the cloud technology used in TruckLogics.

But the greatest benefit is mobility! Because everything is stored in the cloud, you can keep managing your business wherever the road takes you, and you can access your account from any device, too. We've even created an iOS & Android app for business owners and their drivers to use for free. This not only allows you to stay up-to-date with dispatches and log trip expenses when they occur, it also improves communication between fleet managers and drivers thanks to the quick Check Call feature.

Paramount to all of this is TruckLogics dedicated support team. Offering 24/7, USA-based support, our Support Crew works diligently to keep users informed of the latest industry news while offering advice for increasing efficiency across the board. Just check out our blog, 7 Ways to Maximize Your Trucking Business, to see what we're talking about.

If you're ready to upgrade to a more efficient business management solution, then contact the TruckLogics team at **704.234.6946** or **www.trucklogics.com**.

 Maybe you have seen the show 'Trick My Truck' on CMT, maybe not?!? There have been some pretty awesome customizations on that show. We want to know, have you taken time to make your truck home?? Send us a picture or email us and let us know what you have done to Trick Your Truck!!
